Nori-Kuma's Cozy Snow Day Adventure
Book Activity

Meet the Animals of Iceberg Woods

Draw a line to match each animal to its winter fact.

ANIMALS		WINTER FACTS
	**White seal pup**	My new winter feathers are white, helping me blend into the snow.
	**Arctic fox**	Feathers cover my feet like warm, fluffy slippers.
	**Snowy owl**	I wriggle on my belly to move across the ice.
	**Ptarmigan**	My thick winter coat helps keep me warm.

Nori-Kuma's Long Night Fact

In some parts of the Arctic, the sun stays below the horizon for days, weeks or even months during winter. The farther north you go, the longer this polar night can last. In Cozy Cloud Village, Nori calls it the Long Night Season.
